## Vice President: Steven Westereng

Congratulations to Steven Westereng as he has been elected our new Vice President for the NDATA. A total of 34 votes were submitted by the December 30th deadline with 68% of the votes for Steven. I would like to thank our members for taking the time to vote for our new Vice President. I would also like to thank the candidates for their interest in the Vice President position. The Executive Board congratulates Steven and is excited to have Steven assume the VP position.

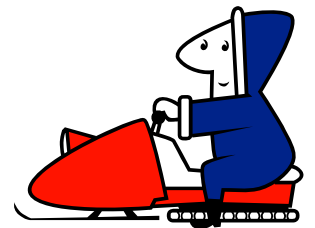

## FYI

Did you know according to our licensure law, a person who is licensed by the North Dakota Licensure Board shall display the license at the location of the licensee's principal place of employment. A current renewal card must be displayed with the certificate or be in the possession of the licensee while practicing athletic training.

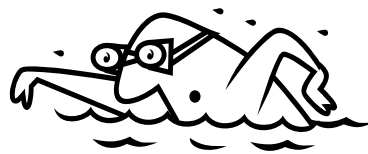

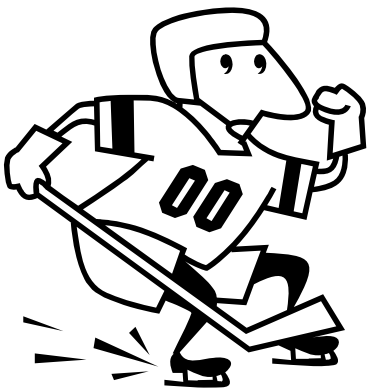

## E-Mail Addresses

The Executive Board would like to compile a list of e-mail address within our state. These addresses would strictly be confidential (will not be sold) and will be used by the Executive Board for NDATA business only. If you would be interested in e-mail, please let Michele Wiedrich know and she will create a directory. We feel we can communicate quicker with individuals.

## Winter Sports

Soon the snow should be on the ground, if it already isn't in your neck of the woods. Athletes and many others will take part in winter activities. Don't forget to brush up on cold related injuries, especially frost-bite. Athletes can also dehydrate in the cold so don't forget to keep those fluids flowing.
